Do you **care** for someone?

We want to hear from you.
Call us on 01246 222373

www.derbyshirecarers.co.uk

What is the Project about?

The Teaming Up for Transition Project reaches out to community hospitals and GP's surgeries, in order to liaise with health professionals, increase referrals and identify and support carers.

I am a carer, how can you help me?

The focus of this initiative is intervention. The Transition Team is working to ensure:

- Carers are supported at the earliest opportunity
- Health professionals are identifying carers
- Carers receive advice and guidance
- Carers receive on-going support

Where will you be?

The Project is working throughout Derbyshire from South Derbyshire, Erewash, Amber Valley, Chesterfield, the Derbyshire Dales, the High Peak, the Peak District and Glossop.

How can I get in touch?

Call us on 01246 222373 ext 3 or email; transition@derbyshirecarers.co.uk and let your GP know you care for someone.
